

Vol. 1: Who We Are

RENEW DENTAL ARTS NEWSLETTER

APRIL
2025

Welcome to ReNew Dental Arts

Established in 2021 ReNew Dental Arts focuses on serving the Charlotte community and making sure everyone feels like family. After years of studying under a top oral surgeon in Las Vegas, Dr. Klein decided it was time to go out on his own. He had a vision of building his own practice from the ground up, so that's exactly what he did.

ReNew Dental Arts' state of the art office was fully designed by Dr. Klein and features an in-house lab and operating suite. This allows Dr. Klein and his team to operate from start to finish in the most economical way with the highest quality materials available. With 12+ years of experience and a license for I.V. Sedation, Dr. Klein and the ReNew Dental Arts team take care of all of their patients in-house, like they're family.

Meet Dr. Klein

Dr. Klein graduated from Creighton University in Nebraska in 2012 with a Doctorate of Dental Surgery. He has committed himself to excellence with extensive training in dental implants, oral and IV sedation. He has ample experience in surgical procedures ranging from wisdom teeth removal, to replacement of a single tooth to full mouth reconstruction using dental implants. He has provided IV sedation for both his own patients and also as a part of a group that removes wisdom teeth regularly. He is constantly improving his skills and techniques by surpassing mandatory board CE requirements.

He lives by the motto "Excellence is the gradual result of always trying to do better."

Outside of dentistry Dr. Klein enjoys watching college football, travelling, and spending time with his 2 pugs, wife, and children.
